

# PP CORRUGATED SHEETS

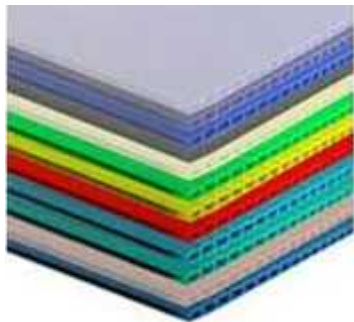

Corrugated Sheets are made from Impact Co-polymer of Polypropylene. P.P Flute Boards are TOUGHER and LIGHTER, thus enabling savings on freight. Besides Cushioning effect, it has excellent Burst and Puncture resistance. Flute board is thermoplastic, hence it is Waterproof and resistant to Chemicals and Heat. It is vermin proof and not attacked by Fungus and termites. Easy to process, cut, bend, stitch, staple, print and handle. Our PP corrugated sheets are highly suitable for flat bed UV printing and making POS stands. All sheets above 3mm are corona treated for excellent ink adhesion.

**Salient Features**  
 Light Weight, Strong, Waterproof,  
 Vermin proof, Reusable, Printable,  
 High Insulation, Impact Resistant,  
 Puncture Resistant, Tearing Resistant.

The salient features of the sheets make it suitable for wide range of users. Advertising, Packaging, Material Handling and Protection, Stationery, Construction & Interiors are few to mention.
